Wisconsin Head Coach Barry Alvarez

“I was very proud of our players, they’ve showed the resiliency and personality that they’ve had all year they hung in there I didn’t think we played particularly well, as a matter of fact we didn’t play very well. In the first half we were a little tentative on both sides of the ball. We came out and played a good second half, we played the way we expected to play, physical, our defense played much better. To hold them to three points is a pretty good accomplishment. ... A number of people were injured, we had to do some things outside the game plan and still were able to find a way to win the game, that’s very pleasing to me. I take my hat off to UCLA, they’re a very fine football team, they’re coached well, they were ready to play and came out and got after us. We had to play very well in the second half to get back and we were fortunate to win.”

UCLA Head Coach Bob Toledo

“I thought our kids played extremely hard, a lot of intensity and a lot of effort they had a lot of good plays, particularly early in the game and it’s just a real misfortune and I feel sick for our seniors on our football team, they worked extremely hard to win this football game. You’ve got to give credit to Wisconsin, they did what they had to do to win it, they ran some options we couldn’t stop and they made some big plays in the passing game and it was a heck of a football game, unfortunately we came out on the short end.”

UCLA Receiver Freddie Mitchell

“I knew it was going to happen, I was well coached and I did what I was coached to do. I ran my route with a lot of precision, came out and did what I was supposed to do. ... As of right now I’m going home to my family to make a decision [to turn professional], Coach Toledo is very much a part of this decision, you know, they’ve been great to me, so there’s a lot of factors.”
